113			so we all agree that we change the mass of the satellite		
114	are you sure thats the mass?				
115				isnt this the mass, you would think?	
116			where is it...		
117	times ten to the third				
118				are you supposed to have a space in between?	
119			i dont think so		
120	oh wait, its star star				
121	i think				
122		no that was to do a power			
123	its ten to the third
