365			That's close to...		
366	Nine point eight is meters per second though...				
367			[Looks in notes]	[Looks in notes]	
368				Yeah, it's that.	
369				Gravity equals to like gravity, of gravity equals F_{net} ...	
370				Equals to gravity equals to {writes Newtonian force on whiteboard}.	
371		What's that?			
372				That's the constant of...	
373		Oh the G, yeah.			
374		six point six...
