

			where is F net then?		
		F net is F grav			
			go to that picture		
	by moon... so no it is right how we have				
oh, no its not, it was right how he wrote it					
23					
	no, because okay F net are we talking about the force of Earth on the satellite? or the other way around				Assessing a computational model
			F grav of...		
the force of Earth on the satellite					
	okay so right here it says force on Moon by Earth				
	goes this way, so this is right				
okay					
24					
so should this be negative?					Constructing a computational model
