| Doug, first and foremost let me say good job on working through a very difficult problem on Thursday.  If you remember last feedback, we had hoped to see you plyaing more of an overseer role with VPython.  Although we definitely saw more group involvement, not many other hands were doing the typing.  It is going to be important that others have a chance at typing!  For the future, try to use your familiarity with the computer to play more of a guiding role.  As a post script, this will be your last feedback before our first exam.  A few tips for success:  it might be a good idea to have a designated scribe to make sure things are being written down in an organized and coherent manner.  Also, don't forget to play what you are doing... Good luck! | 3.25 | 3.5 | 3.25 |
